### **DETAILED ACTION**

1. This office action is responsive to the following communication: the Request for Continued Examination filed on August 28, 2006.
2. Claims 1-10 are pending in the present application. Claims 1, 5, are independent claims.

#### ***Priority***

3. Acknowledgment is made of applicant's claim for foreign priority under 35 U.S.C. 119(a)-(d). The certified copy has been filed in parent Application No. JP 2003-109252, filed on April 14, 2003.

#### ***Information Disclosure Statement***

4. The information disclosure statement (IDS) submitted on April 14, 2004, is in compliance with the provisions of 37 CFR 1.97 and has been considered by the examiner.

#### ***Response to Arguments***

5. Applicant's arguments, see Remarks, pg. 6-10, filed August 28, 2006, with respect to the rejections of claims 1-8 have been fully considered and are persuasive. The rejections of claims 1-8 have been withdrawn.

#### ***Allowable Subject Matter***

6. Claims 1-10 are allowed.
7. The following is an examiner's statement of reasons for allowance: regarding independent claims 1, 5, the prior art fails to teach an operational mode enforcing circuit configured to set a first reading mode regardless of an input control command, which

Art Unit: 2824

protects predetermined data in the memory array by inhibiting the programming and erasing modes. Claims 1, 5, are therefore deemed allowable. Claims 2-4, 6-10, are dependent upon the allowable independent claims and are therefore also deemed allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
